Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicants bring to the attention of the Office the documents on the attached listing. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), please charge Deposit Account No. 06-0916 for the required fee of \$180.00 as specified by Section 1.17(p).

Copies of the listed foreign and non-patent literature documents are enclosed. Copies of the U.S. patent applications are not enclosed. Copies of Office Actions from copending applications are also not submitted because they are available to the Examiner on the electronic PAIR system.

The co-pending cases and their respective Office Actions are all cited in an abundance of caution in order to allow the Office to consider whether they are material to patentability in accordance with the United States Court of Appeals for the Federal Circuit's holding in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358 (Fed. Cir. 2003). The Court in *Dayco* held that an "adverse decision" by another examiner may meet the materiality standard under amended 37 C.F.R. § 1.56 and, thus, applicants should disclose prior rejections of "substantially similar claim[s]" to the Office.

Accordingly, although Applicants are not representing that the copending applications are material to the present application and are not admitting that any of the claims in the copending applications are substantially similar, out of an abundance of caution, Applicants have listed the copending applications and Office Actions herein.

Applicants respectfully request that the Office consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.
